PROFESSIONAL SUMMARY

Frontend-focused Computer Science graduate with practical experience in React, JavaScript/TypeScript, Next.js and responsive UI development. Built real-world e-commerce and Shopify experiences, including custom sections and GSAP-powered interactions. Strong interest in product-focused frontend engineering and polished digital experiences.

CORE SKILLS

- **Frontend:** JavaScript (ES6+), React, Next.js, TypeScript, HTML5, CSS3, Tailwind CSS, Bootstrap
- **UI Development:** Responsive Design, Component-Based Development, Figma-to-Code, Cross-Browser Compatibility, Mobile-First Design, Accessibility-Minded UI
- **Animation & Interaction:** GSAP, GSAP ScrollTrigger, Lenis Smooth Scroll, Scroll Animations, Entrance Animations, Interactive UI
- **Shopify:** Shopify Theme Development, Liquid, Dawn Theme Customization, Custom Sections, E-commerce Storefront Development
- **Development & Deployment:** Git, GitHub, Vercel, REST API Concepts, JSON, Chrome DevTools, Responsive Testing
- **UI/UX & Design:** Figma, Wireframing, User Flows, High-Fidelity Prototyping, Design Systems, Visual Hierarchy
- **Other:** Canva, Adobe Photoshop, Claude, ChatGPT, AI-Assisted Development

REAL EXPERIENCE

Lil Whip - Bakery E-Commerce Website 2026

August

- Designed and developed a responsive transportation and logistics website for Bosco Transportation Inc. using Next.js, React, TypeScript and Tailwind CSS. Implemented service and fleet sections, responsive layouts, smooth scrolling and interactive animations using GSAP/ScrollTrigger and Lenis. Owned the frontend development, UI design and client-focused visual experience from implementation through deployment.

Lil Whip - Bakery E-Commerce Website 2026

July

- Built and deployed a full-stack bakery e-commerce website using Next.js, React, TypeScript and Tailwind CSS. Implemented product listings, category filtering, authentication, product pages and feedback/reviews. Owned storefront UI, product design and brand-consistent visual identity.

SELECTED PROJECTS

Obsidian - Custom Shopify Theme

July 2026

- Developing a premium Shopify theme by extending Shopify Dawn. Built custom storefront sections including lookbook gallery, video slideshow, marquee banners and flip carousels; integrated GSAP for smooth scroll and entrance animations.

MedTech - Healthcare Management Mobile App UI/UX

Aug 2025 – Mar 2026

- Independently designed approximately 90% of the UI for a final-year healthcare management application. Created user flows, wireframes and high-fidelity Figma prototypes for authentication, patient management, appointments and dashboards.

CERTIFICATIONS & JOB SIMULATIONS

- Quantum — Data Analytics Job Simulation Forage -
June 2026

Data preparation, customer analytics, experimentation and uplift testing.

- Deloitte — Data Analytics Job Simulation Forage - June
2026

Data analysis and forensic technology under Deloitte's analytics practice framework.

EDUCATION

- Bachelor of Technology - Computer Science & Engineering 2022 – 2026
MEA Engineering College, Perinthalmanna | APJ Abdul Kalam Technological University, Kerala.

ACTIVITIES & LANGUAGES

- IEEE MEA Student Branch - Design Team Member
(2023-2026)
- TACS CS Department - Design Team Member
(2023-2025)

Created promotional materials and event creatives for technical activities, workshops and competitions.

Languages: English, Hindi, Malayalam.
